Jewelers Mutual[®]
GROUP

Securitas provides clients with security resources, with an emphasis on local security. One of these solutions is on-site guarding, which provides screened officers who demonstrate a high degree of professionalism. Securitas will assist you in providing an armed security guard to protect you, your staff, and your property during business hours.

How to get started

Send an inquiry email to Randy Query at randy.query@securitasinc.com or call **714-920-9201** with the following information:

- Contact information
- Location of business
- Requested start date
- The hours and days service requested
- Preference of uniform or plain-clothes security guard
 - ▶ Securitas will respond within 24-48 hours (Monday-Friday)
 - ▶ Securitas will have an armed security guard available at the date of your request

After you request a guard, you will receive information from Securitas identifying the security guard who will be at your business each shift. This will allow you to ask for proper identification from the guard.

Cost

- The armed security officer is \$65 per hour in California.
 - ▶ Hourly rate may vary for other locations in the U.S. and Canada.
 - ▶ The rate for holidays, weekends and hours over an 8-hour shift will be at time and a half for Jewelers Mutual policyholders. If not a current insured, please contact Randy at Securitas for pricing.

NOTE: Each showcase is *unique* and therefore an in-store assessment will be necessary.

How to get started

- Fill out the online inquiry form: <https://go.filmsandgraphics.com/jewelers>
- OR
- Email jewelers@filmsandgraphics.com

NGS will contact you within 24 hours (Monday-Friday) and an in-store assessment of your showcases will be scheduled within 3-14 days. Once the assessment has been completed, you'll be provided an estimate within 2-4 days and work will begin within 10 days of acceptance of the estimate.

What to expect when work is being conducted at your place of business

- You will be provided with the name of the project lead who will be conducting the work at your business.
 - ▶ **Pro tip:** Always ask for identification of all vendors.
- All merchandise must be removed from the showcase.
- Each showcase will take 30-60 minutes to affix the security film.
 - ▶ It is recommended that 3M 14 mil film be used on showcases, as this product is more resistant to penetration.
- No attachment on the top face of the case
 - ▶ The attachment is meant to be applied on a frame that is at least a half-inch and typically is installed on the safe side (inside)
 - ▶ The attachment will look like a caulk bead on the face of the case
 - ▶ Each case will need to be assessed for applicability

Cost

Approximate cost for the inside glass top and front glass for 70" x 20" showcase is \$700 + shipping.

Includes:

- Supplying the 3M 14mil
- Computer cutting the film
- Flat packing and shipping
- Onsite installation
